Street Law Inc., a renowned educational resource, has been helping high school students learn about law and government through its interactive approach for over nine editions. The latest edition features updated Supreme Court cases, social science data, and new materials on marriage equality, the Affordable Care Act, and intellectual property. The organization offers textbooks tailored to high school and community college levels. The Street Law program aims to equip young people with practical legal knowledge that resonates with their daily lives. By using student-centered, interactive, and democratic teaching methods, educators can foster critical thinking, problem-solving skills, communication skills, and civic engagement in line with emerging state and national standards. The website features a Student Center and a Teacher Center. The former includes resources and activities, while the latter provides access to all Student Center content plus additional materials.
